

WHEN AND HOW DO I GET A REFERRAL?

Many HMO health care plans require the patient to obtain a referral prior to seeing a specialist. This must be obtained by the patient from their Primary Care Providers office. The following information is needed by your Primary Care providers office:

GROUP NPI#: 1952957482

An ICD 10 code is needed for a diagnosis. If you are unsure what your diagnosis likely is, then please use the following ICD 10 code for general evaluation and management

ICD 10: Z04.9
